SCHOOL REPORT

CITIZENS OF SPRINGFIELD:

We call your attention to a brief summary of school work for the year 1902.

Seven schools have been in session this year, as we failed to make any arrangements, that would be satisfactory to the parents, so that the pupils in the small schools could be schooled elsewhere. It is impossible for us to hire teachers who have had special training for their work, as so many of the parents think we ought to do, as long as we have so many small schools. We had only two terms in each Division hoping the scholars would not have to stay at home on account of the snow as they did last year when we tried to have three terms.

The list of perfect attendance is not quite as large as last year. In Sanborn Hill Division, where they always try to be present every day, absences were due to sickness the first of the fall term. In several schools there were those having only one mark, either being tardy once or absent one-half day; we only give the names of those who were perfect.

We equalized the number of weeks in each Division last year, in order to do so having ten and three-fifths weeks in Morgan school and we shall endeavor to equalize the terms this year.

In closing we ask you as intelligent men and women and parents of our scholars, not to believe every flying story but visit the schools and see for yourselves what condition they are in.

Respectfully submitted,
